# WELCOME

*Welcome one & all to our 2nd Annual Kandanga Valley Nebo Charbray & Charolais bull sale. Following on from the success of our first sale last year we are very pleased to present 50 quality, young, coastal reared bulls for your competition once again.*

*After 35 years of breeding cattle in coastal Queensland, Roz & I understand the challenges you as producers in the Mackay district face. Extended dry spells followed by periods of extremely wet conditions causing a severe shortage of nutrients in pastures are some of the challenges, add to this parasites & humidity etc, & production can suffer dramatically. We understand, just like most Queensland breeders living in the tick regions that Brahman cattle handle these conditions best, but we also know their shortcomings, which is why we first introduced a Charolais influence into our herd right from the start. The extra weight for age, the extra muscling, the better fertility are all things that add up to better production & therefore better income. We don't breed Charolais & Charbray because they're pretty white cattle, we breed them because they pay the bills.*

*We believe there is no better sire than a Charolais to put over Bos Indicus cows & by all means do that if management & environment allow. But we also know for ease of management & survivability on harsher environments a Charbray sire is better suited.*

*On December 1st, at Braeside Saleyards, the bulls we offer have faced all the above challenges during their short lives. Born in the driest winter/spring on record & run in the Kandanga hills through one of the wettest summers ever seen, these boys know how to forage & survive.*

*We've done all we can to present them at your doorstep in good order & sound condition without a long term feeding regime & we trust you will appreciate our efforts.*

*We hope to catch up with as many past & new clients as possible on the day & invite everyone to stay and enjoy a few post sale drinks.*

*All the best on the day & into the new year.*

*John Mercer*

## ABOUT US & STUD HISTORY

*Both the Kandanga Valley Charolais & Charbray Studs were established in 1988. The first Charolais cattle at Kandanga were purchased by John's parents, Kev & Joan, in 1973 and there has been a Charolais infusion in the Kandanga Valley herd since those early days.*

*Although the studs were established in 1988, we have been selling herd bulls since the mid 1980's. Our bulls have performed admirably from mid New South Wales to the Northern Territory and the Gulf country, and especially well in coastal areas.*

*The first registered Charbray cattle were purchased in 1979 at the Nahrunda Stud dispersal at Gympie. The tremendous growth and easy doing ability of these first Charbrays with the added benefit of tick resistance convinced us that Charbray cattle were unbeatable in our environment, and we now believe, in any environment.*

*Early stud Charolais breeders were purchased from numerous high profile studs, plus many from smaller herd dispersals. With this diverse range of genetics in our base cows we decided they needed to be mated to Full French sires, not only to improve their carcass traits but also to breed some consistency of type into their progeny. We believe we are now seeing those results. Now with the use of a lot of our own homebred sires, we have a distinctive type of*

## ABOUT US & STUD HISTORY *(cont)*

*cattle emerging from our breeding program. They are heavy muscled, but soft and easy finishing, displaying good growth on our coastal country, and have strong constitution bred in for ease of management. Poor performers don't last long at Kandanga Valley.*

*John & Roz purchased "Warravale", Kandanga, from John's parents in 1986, and have since raised four great children - Wade, Kate, Nick & Brooke, and are now proud grandparents of 5.*

*In 1995 we purchased a scrub block, Kia-Ora, at Baralaba, which allowed us to expand our herd. We then sold it in 2002 to purchase an outstanding property just 8km from Gympie.*

*In February 2006 we purchased the "Fernvale" Charolais breeder herd and the "Fairvale" Brahman stud herd plus a Tansey property to run them on. In November 2007 we purchased 65 stud Charolais cows and their progeny from Barambah-Dale Stud.*

*Our herd now consists of around 1500 head including 700 breeders, registered with the relevant societies.*

*Into the future we hope to sell around 100 bulls annually at our on property sale and 60-70 at our Nebo sale.*

## ABOUT THE BULLS

*Kandanga Valley bulls are bred in hilly, forest country west of Gympie, and reared and finished at Kandanga, in the Mary Valley, south-west of Gympie. Kandanga is a fairly high rainfall area and although the pastures are generally green and healthy looking, like all coastal country they carry a high moisture content and a lack of trace elements, therefore not delivering the growth rates cattle will achieve on more western pastures. The area also suffers a high tick population. As a consequence, Kandanga Valley bulls have a very good reputation for not only their survivability but also do-ability, in all environments.*

*These young bulls are run like a line of bullocks, and graze both the high country, along with the better creek flats. They receive no supplements or special treatment, until 90 days prior to sale, when they are fed a specially designed low grain, high protein, high roughage ration in feeders in the paddock. We personally have found that long term silage fed bulls, although in peak condition at sale time, suffer badly once in the breeder paddock. They seem to have lost that natural foraging ability needed to survive in harsher Queensland conditions.*

### CHAROLAIS

*Born in the driest winter/spring on record, and grown through a very wet summer some of our Charolais bulls are slightly smaller framed than usual but still display the strong muscling and masculinity, plus the inherent softness that we've always selected for.*

## ABOUT THE BULLS *(cont)*

*Kandanga Valley bulls have always been bred to cross with Bos Indicus herds to improve growth, muscle, bone and fertility, therefore increasing profitability for your operation.*

*Our Charolais bulls for Nebo are tough, beefy young fellows ready for some serious work. Carrying strong French genetics for muscling and predictability, a heavy emphasis also has been placed on milking ability in the female herd. Replacement heifers by Kandanga Valley bulls won't disappoint.*

*6 Charolais bulls are POLLED or SCURRED, 1 RED FACTOR and 1 FULL FRENCH.*

*They are all by sires weighing between 1000 to 1300kgs and out of dams averaging around 800kgs at maturity. There's plenty of growth in their genetics with bred-in ability to finish to meet market fat specifications.*

### CHARBRAY

*At Kandanga Valley we love Charbray cattle. Their adaptability and profitability is second to none. A fact that is proven time and time again at fat and store markets everywhere. We are very passionate about breeding GENERATION BRED, PURE BRED CHARBRAYS.*

*Although we have a handful of excellent F1 bulls in the sale, the majority are GENERATION BRED to produce more consistent progeny for your operation. We are proving, by using the right genetics, we can maintain growth and muscling plus maternal traits in our GENERATION BRED cattle.*

*All bulls are semen tested and guaranteed.*

## SALE INFORMATION

**INSPECTIONS:** *Inspections at Braeside Saleyards, Nebo afternoon prior to sale or on property by appointment.*

**REBATE:** *3% REBATE is offered to outside agents introducing buyers, in writing, 24hrs prior to sale to the selling agents, and settling within 7 days.*

**HEALTH:** *All bulls are vaccinated with*  
*- 7-in-1 (as calves)*  
*- 3 germ blood (as weaners)*  
*- 3 day sickness (as yearlings)*

**ALL BULLS ARE SEMEN TESTED**

**SUPPLEMENTARY SHEETS** *will be available on Sale Day containing the following information.*

- Scrotal Measurement*
- Weight*
- Scan Figures for*
  - Eye Muscle Area*
  - Rib & Rump Fat*
  - Intramuscular Fat (Marbling)*

*EBV's include birth weight, Milk, 200, 400 & 600 day weights. To obtain EBV figures, all progeny are weighed at weaning and bulls once or twice before 600 days. We do not weigh our calves at birth due to the impracticality of doing so, over six different properties. However, our mature breeders are calved unassisted and mostly unsighted. Charbray EBV's are IN HERD only.*

**GUARANTEE:** *We guarantee all stock sold as sound breeders. Any claims of infertility will be strictly handled as under Section 17 of "Agents Terms and Conditions" (see back of catalogue).*

## SALE INFORMATION

(Cont)

*DELIVERY & TRANSPORT: All delivery arrangements are to be made in writing on the Buyers Instruction Form provided in the back of this catalogue.*

*TICK LINE CLEARANCE: All bulls will be treated prior to sale for immediate presentation at tick line.*

### *ACCOMMODATION:*

<i>SARINA</i>	<i>Tramway Motel</i>	<i>4956 2244</i>
	<i>Sarina Motor Inn</i>	<i>4943 1431</i>
	<i>Tandara Motel</i>	<i>4956 1323</i>

<i>MACKAY</i>	<i>Country Comfort The Rose</i>	<i>1800 676 572</i>
	<i>Country Comfort Resort</i>	<i>4944 7944</i>
		<i>1800 003 335</i>
	<i>El Toro Motel</i>	<i>4951 2722 / 1800 687 186</i>
	<i>Mackay Motor Inn</i>	<i>4952 2822</i>

*AIRSTRIP: Fly to Mackay, Agent pickup could be arranged if transport required to sale.*

*PHONES: Please contact your preferred agent to arrange phone hook-up on sale day.*

*REGISTRATION TRANSFERS: For transfers of registered Charolais bulls and Charbray bulls, purchasers must be a current member of the relevant Society. Please indicate TRANSFER REQUIREMENTS on Buyers Instruction Form on sale day.*

*REFRESHMENTS: Lunch and refreshments will be available on sale day.*

*ALL BULLS ARE HANDLED WITH HORSES, DOGS & QUADBIKES.*

## REFERENCE SIRES - CHARBRAY

KANDANGA VALLEY MEAT PAK {C4} Reg: 2974

S: Ijoufflu

SIRE: MORGIANA HOUSE WEST AVEYRON - CC

D: Pinnaroo Lulubelle 6

S: Kandanga Valley Q34E - CC

DAM: KANDANGA VALLEY V263 - CB

D: Kandanga Valley G349 - BB

Content: CC- 75% : BB - 25%

### MEAT PAK - Represented by 5 sons

*Kandanga Valley Meat Pak is another homebred sire that is leaving a very positive stamp on our stud.*

*Being a higher Charolais content sire he has been used extensively over Charbray and Brahman heifers with excellent results. His calves are born small but grow with plenty of muscling, good bone, sirey heads and quiet temperament.*

*The first of his sons were much sought after at our July sale topping at \$9000, to Robert Denman, Mackay.*

*11 sons sold to average \$5000.*

## REFERENCE SIRES - CHARBRAY

KANDANGA VALLEY ACTIV-8 {C5} Reg: 3429

S: Ayr Addie's Saab - CC

SIRE: GOBONGO XTRA GOOD - CB

D: Gobongo Liberty 1690 - CB

S: Kandanga Valley Q34E - CC

DAM: KANDANGA VALLEY W300 - CB

D: Kandanga Valley G420 - BB

Content: CC- 56% : BB - 44%

*ACTIV-8 - Represented by 9 sons.*

*Activ-8 is a homebred sire that is having a major impact within the stud.*

*A generation bred sire from an absolutely outstanding cow, he consistently produces to a high standard. He was selected for his temperament, muscling and good tidy sheath plus the milking ability and tidy udder from his dam's side.*

*His sons are early to mid maturing with good high yielding carcasses. His daughters are moderate framed, lovely soft feminine types with excellent udders. His calves are born very small in size.*

*The stud has sold 25 bulls by Activ-8, to date, to average a healthy \$5140.*

## REFERENCE SIRES - CHARBRAY

STEWART PARK 50 {C4} Reg: 2678

S: Brahrock Mr El Wise Guy 1266

SIRE: JAFFRA 3159 - BB

D: Jaffra Beauty 2/434

S: Harleywood Metric

DAM: HARLEYWOOD PRUDENCE - CC

D: Harleywood Liberty - P

Content: CC- 50% : BB - 50%

*STEWART PARK* although only represented by 2 sons in this catalogue, we believe these to be two of the best he has produced.

*A big, growthy, good boned bull, he is the sire of our feature lot - Lot 9.*

*His sons display extra bone and depth and his daughters are big, framey cows.*

## REFERENCE SIREs - CHAROLAIS

**ALEXANDER - represented by 9 sons.**

*Clearly the stand out bull for his year, we were so impressed with the massive muscling, correctness and overall sire appeal of Alexander, that we retained him for in herd use.*

*His sons are early to mid maturing with tremendous muscling and meat yield. They are ideal for crossing over bos indicus females for quick early growth and carcass performance. His sons received very favourable comment and support at our July sale.*

**ZERGO - POLLED** Represented by 7 sons (4 poll)

*Zergo is a homebred sire that has now been around for some years & there's a very good reason for that. He's polled, he's tidy, he's muscular, he's soft, he's masculine and he's still sound.*

*Add to that, his sons are consistently in demand by commercial breeders, for their first class carcass attributes, & his daughters are long & refined with tidy udders.*

*John believes Zergo to be one of the best polled Charolais bulls around Australia at present.*

Acc	-	21%	22%

Exemplar is a great example of the Charbray breed. White in colour with a powerful sires head, his depth and fleshing are outstanding.

Suitable stud sire in our opinion.

Very good growth EBV's also.

## 2nd Annual Nebo Bull Sale

### Thursday Dec 1st 2011

QUEENSLAND LIVESTOCK AGENTS ASSOCIATION LIMITED  
STANDARD STUD STOCK - AUCTION TERMS AND CONDITIONS OF SALE

#### IMPORTANT NOTICE

All bids shall be treated as offers made upon the following Terms and Conditions of Sale and all persons present are admitted to attend the sale on the basis that they have notice of these Terms and Conditions.

1. The highest bidder shall, subject to Condition 2, be the purchaser provided that the vendor reserves the right to bid either by himself or through his agent or auctioneer and should any dispute arise among the bidders for any lot, during or immediately after sale of the lot, it shall be settled at the auctioneers absolute discretion who may, should one of the disputants advance, put the lot or lots up again. The bidding from time to time shall be regulated by the auctioneer and no bid shall be retracted.
2. The sale will be conducted on a "Sale" or "No Sale" basis whereby the lot for sale shall be knocked down to the highest bidder, but the sale will be subject to the acceptance of the highest bid by the vendor who will immediately after the fall of the hammer declare "Sale" or "No Sale". Should the vendor reject the bid of the highest bidder such bidder will have the right of first refusal of the lot at the vendor's nominated price for one hour after the lot has been passed out of the ring on the Terms and Conditions herein set forth in so far as they shall apply.
3. The details of the purchaser, the purchase price and the lot sold as recorded by the sale clerk for and on behalf of the auctioneer shall be equally binding on both purchaser and vendor.
4. The auctioneer expressly reserves the right, without giving any reason therefor, to:-
  - (a) Refuse to acknowledge any bid;
  - (b) Withdraw any lot or lots before or during the sale;
  - (c) Exclude any person from the auction venue should it think fit.
5. Each lot in all cases shall be at the risk and expense of the purchaser, upon acceptance of his bid by the vendor or upon acceptance of the highest bidder's offer by the vendor whichever shall be the earlier.
6. Except as expressly provided in these Terms and Conditions of Sale no guarantee or warranty shall be given in respect of any lot sold under these Conditions as to pedigree, sex, age, breeding condition or otherwise howsoever, and no guarantee, warranty or condition whatsoever shall be implied from any affirmation made before or at the time of the sale, or from any circumstances of the sale, but in all cases where a guarantee is intended the same shall attach and be enforceable only if reduced to writing before delivery of the lot and signed by the vendor or by the auctioneer acting as agent for the vendor, and the absence of such writing shall be conclusive evidence in case of dispute that no guarantee warranty or condition whatsoever was given or implied.
7. In the event of any dispute in respect to the sale of any lot:-
  - (i) The purchaser shall nevertheless be obliged to pay to the auctioneer the full purchase price and any other moneys or interest payable by the purchaser in accordance with these terms and conditions.
  - (ii) The vendor and the purchaser shall resolve the dispute between themselves;
  - (iii) The auctioneer shall have no liability or responsibility in regard to the dispute; and
  - (iv) No lot shall be returned to the auctioneer and the purchaser shall indemnify the auctioneer for all costs, expenses and damages which the auctioneer is put to or incurs by reason of the purchaser so doing.
8. The name of the vendor for whom the auctioneer acts is acknowledged to have been furnished to purchasers prior to sale and further particulars will in all cases be furnished to a purchaser if required. In the case of any dispute the remedy of the purchaser shall be against the vendor only and in no case or under any circumstances against the auctioneer who is to be regarded for all intents and purposes as agent for a disclosed principal.

9(a) **PAYMENT** - Unless prior credit arrangements have been made in writing with the auctioneer the full purchase price for each lot shall be due and payable to the auctioneer in cash upon acceptance of the highest bid or the highest bidder's offer by the vendor and prior to delivery. Notwithstanding that delivery is given to or possession obtained by the purchaser or his representative prior to the payment of the purchase money in full the property in any lot which is sold shall not pass to the purchaser until the full purchase price and all cheques, promissory notes, bills of exchange, acceptance orders or drafts given in connection with such payment have been paid and liquidated, and until property shall pass, the purchaser shall hold such lot as bailee, provided that in all cases should such payment not have been made and liquidated within 14 days of the date of the sale the auctioneer reserves the right to:-

- (i) Rescind the contract on behalf of the vendor and repossess and resell any lot;
  - (ii) Recover from the purchaser interest upon the purchase price at a rate per annum which aggregates the 90 day Bill Rate plus two per centum. For the purposes of this condition "the 90 day Bill Rate" is the rate published regularly in the Australian Financial Review, expressed as a percentage per annum. If at any time the Financial Review ceases to publish a 90 day Bill Rate, the auctioneer shall determine and advise the purchaser of the interest rate to apply for the purpose of this condition.
- (b) The auctioneer is selling as the del credere agent of the vendor and the full purchase price of any lot sold shall be payable by the purchaser to the auctioneer and be fully recoverable by the auctioneer in its own name.

10. If the purchaser shall neglect or fail to comply with any of the within conditions, any lot purchased by him may be immediately resold by public auction or private contract, with or without notice, at the risk of the former purchaser, who will be held responsible for all loss and expenses arising out of such resale, and shall not participate in any profit accruing therefrom.

11. Any vendor or purchaser removing the sale number from any lot after it has been sold will fully indemnify all affected parties for any loss, costs or damage should the lot be wrongly delivered.

12. The purchasers, if more than one, shall be jointly and severally bound by these Terms and Conditions, and shall jointly and severally carry out and perform same.

13. Any person who advances a bid on a lot shall do so on the expressed condition and understanding that should that person's bid be the highest bid and such bid is accepted by the vendor, then that person will be held personally liable for the price so agreed upon, regardless of the fact that that person may be acting on behalf of another party, either disclosed or undisclosed to the vendor or the auctioneer, provided however, that this Condition shall not in any way negate the vendor's right to claim against any principal and in such case the bidder's liability shall be construed to be by way of guarantee.

14. The auctioneer may, should it think fit, make arrangements on a purchaser's behalf for the feeding, watering, trucking, shipping of and general attendance to any lot after sale but no responsibility will be accepted by the auctioneer and all such service will be at the purchaser's risk and expense.

15. No lot will be delivered until the sales invoice has been checked and signed by the purchaser or his duly authorised representative.

16(a) Each lot in all cases shall be sold with all faults, if any, and excepting those conditions and warranties implied by the Trade Practices Act or any applicable State legislation which cannot be contractually excluded and excepting conditions and warranties expressly contained in these Terms and Conditions of Sale, any express or implied condition, statement or warranty, statutory or otherwise, is hereby excluded. The auctioneer is not liable in respect of any error, misdescription or omission in any particulars appearing or stated regarding the descriptions or pedigrees of any lot offered for sale and no such error, misdescription or omission shall entitle the purchaser to annul the sale or reject the lot or claim any compensation, damage or abatement in price.

(b) Each lot will be sold subject to passing all veterinary tests required by the law of the State or country to which the purchaser intends to transport that particular lot, such tests to be undertaken at the purchaser's expense and concluded immediately following the sale. In the event of a lot failing to pass these tests, the sale shall be null and void, any purchase moneys paid by the purchaser shall be refunded and property in the lot shall revert to or remain with the vendor.

#### 17. GUARANTEES OF FERTILITY:-

17.1 **BULLS.** Save and except for calves at foot, all bulls are guaranteed breeders and to so prove within six months of the date of sale or by reaching the age of 30 months whichever date shall be the later.

17.2 **FEMALES.** Save and except for female calves at foot, all females are guaranteed to be in calf or go into calf within six months of the date of sale or by the age of 30 months whichever date shall be the later. A positive pregnancy test certified by a qualified veterinary surgeon shall be sufficient evidence that the animal is in calf.

17.3 Claims under Clauses 17.1 and 17.2 guarantees of fertility shall be made to the vendor within six months from the date of sale or prior to the animal entering a quarantine area other than on the vendor's property.

17.3.1 All claims must be accompanied by a veterinary certificate which shall clearly identify the basis of the claim.

17.3.2 Infertility resulting from injury or disease occurring after the sale of the animal shall not be covered by this guarantee.

17.3.3 The vendor retains the right to have the animal placed on a property nominated by him or returned to his own property for further assessment of fertility for a period not exceeding six months. In the event of the animal being proven fertile within the period, the costs incurred shall be borne by the purchaser. In the event of the animal not being proven fertile within the period the costs incurred shall be borne by the vendor.

17.4 **LIABILITY OF A VENDOR.** Except for costs defined elsewhere in the conditions of sale, the liability of a vendor in respect of claims relating to fertility shall not exceed the purchase price of the animal(s) or to provide mutually agreed upon replacement animals.

17.5 REFUNDS. In the event of a claim being substantiated and the purchase price being refunded, the animal/s shall automatically become the property of the vendor and be returned to him or disposed of according to his instructions at his expense.

17.6 This guarantee shall be voided by the purchaser if -

(a) The animal is returned to the vendor -

(i) in poor physical condition or with any injury;

(ii) tests carried out on behalf of the vendor within fourteen days of such return proved positive to any diseases which may affect the animals fertility or ability to breed naturally; or

(b) the purchaser has collected and stored semen from a bull or embryos from a female.

17.7 In the event of a dispute as to whether a lot is a breeder, such dispute shall be resolved by the vendor and the purchaser and the auctioneer, while he will use his best endeavours to assist, shall have no liability or responsibility in that regard. In the event that a lot is alleged or proved not to be a breeder, the purchaser shall nevertheless be obliged to pay the auctioneer the full purchase price and any other monies or interest payable by the purchaser in accordance with these Terms and Conditions.

18(a) Each lot shall be at the risk of the vendor in respect of any damage or injury, whether by disease, accident or otherwise, for the period that the lot be in the custody of the auctioneer, PROVIDED THAT the auctioneer, its servants, agents and employees shall use all reasonable care to protect and control the lot while it is in the auctioneer's custody AND PROVIDED THAT when a lot has been sold, it shall be at the risk of the purchaser in all respects.

(b) If any vendor brings to the sale premises any lot which is dangerous, or infected with any disease, that vendor shall be liable for all injury, damages, costs, losses, or expenses which the auctioneer may sustain, incur or be put to either directly or indirectly as a result of the vendor so doing. The auctioneer reserves the right, at its absolute discretion, to exclude from the sale, or put out of the sale venue or dispose of, any lot which in its opinion shows signs of any disease, whether infectious, contagious or not, or of any serious fault or of being dangerous.

19. DELIVERY - Except at the discretion of the auctioneer no lot shall be delivered to the purchaser unless payment of the purchase money together with any additional charges incurred including those expenses incurred by the auctioneer pursuant to Condition 14 hereof, is first made by the purchaser to the auctioneer. Release of lots may be withheld by the auctioneer until personal cheques are cleared.

20. In these Conditions:-

(a) References to "Auctioneer" shall be taken to mean as the context so admits, the selling agent or any member, subsidiary or related corporation or body, officer, agent or employee thereof, authorised by the vendor to conduct the sale of the lot;

(b) "Purchaser" shall have the meaning ascribed to it in Condition 1;

(c) "Vendor" shall mean the person or corporation upon whose account lots are offered for sale and where a stud or farm is named shall mean the proprietor of that stud or farm;

(d) "Lot" shall be taken to mean the animal offered for sale and/or sold by the auctioneer on behalf of a vendor.

### **IMPORTANT NOTICE**

The selling agent, its members, subsidiary or related corporations, officers, agents, and employees for themselves and for those for whom they act while exercising due care provide all information without responsibility and give no guarantee whatsoever as to its accuracy.

All persons who attend the sale do so entirely at their risk and the selling agent, its members, subsidiary or related corporations, officers, agents, employees and its principals, for themselves and for those for whom they act, do not assume or accept any responsibility or liability of whatever nature for any injury or damage whatsoever which may occur. The hammer price is exclusive of GST but GST will be applied to the final hammer price and included on the invoice.
